# Leadership Council

Late last year we announced several vacancies. We're absolutely thrilled to announce these roles have now all been appointed, so we're starting 2019 with a strong suit!

Aimee Visser has been appointed to the role of Outcomes Manager, working with a number of our paid workers to help them set and achieve ministry outcomes. Aimee has a professional background in corporate coaching and has also previously led the Children's ministry.

Kaitlyn McBurney has been appointed to the role of Children and Families Worker, which has been vacant since late last year. Kaitlyn has extensive experience volunteering across multiple areas of the children's ministry over the last 5 years, and will be working part time while studying Children and Families Ministry at Carey.

Margaret Loh has been appointed to the role of Cultural Worker, a new role focusing on outreach and inclusion for the multiple cultures in our community. Margaret has been strongly involved in discipling a number of our new Chinese congregation members through Alpha, and is studying for a Diploma Christian Studies (Pastoral Leadership) at Carey over the next 3 years.

Verena McBurney has been appointed to the role of Leadership Worker, focusing on developing discipleship and leadership capabilities for our paid and unpaid ministry leaders. Verena has been working in the Children's Ark ministry for a number of years (while also studying at Carey) and has been feeling a strong call from God to move into coaching and discipling work.

Please join the Leadership Council in congratulating and welcoming these four fantastic people into their new roles. We look forward to seeing what they'll do in them!
